

New Product Information

Magnetic Proximity Switch

New Products in AH009 Series

N-pole sensing type is newly added to AH009 series
 The new lineup offers **S** and **N** pole sensors with both **A** and **B** operations.

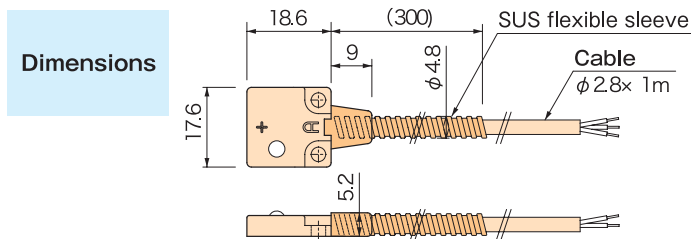

PN Guide	Magnetic pole	Output spec	A operation:80mA	B operation:80mA	A operation:15mA
	S-pole on upper face (N-pole on lower face)	AH009 A	AH009 B	AH009 E	
N-pole on upper face (S-pole on lower face)	AH009 C	AH009 D	AH009 F		
Price (in yen / tax excluded)			1,500	1,600	1,000

* NPN open collector is the standard specification of the output circuit. PNP output spec. is available as option.
 * An S-pole upper face sensor also serves as an N-pole lower face sensor
 * For more spec. information, please refer to "New Product Information-AH009"

Cable Protection Sleeve

Optional accessory for AH009

- SUS304 made flexible sleeve, strong enough to be stepped on
- Heat-resistant, robust built sensor, reliable under such hostile conditions as dust, oil, water and light ray

Note: Do not apply tension of 10N or more to the cable.

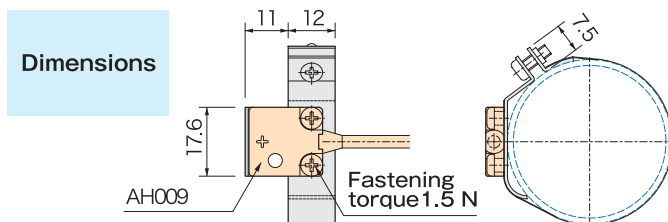

Item No.	Length of flexible sleeve	Price (in yen/tax excluded)
BT 03m	0.3m(Standard)	800
BT 1m	1m	1,600

* Designate the sleeve's item number of your choice in addition to the main unit PN to place an order.
 * Estimates to be made separately for unlisted sleeve lengths
 * The price of the ordered item will be added as an optional accessory onto the price of main unit.

Mounting Bracket: Belt style

Optional accessory for AH009

- For latest automatic air cylinder switches with high sensitivity, high reliability, heat resistance and tolerance of hostile conditions such as oil, water and light ray
- Stainless-steel band clamp for air cylinders (φ32 ~ φ100)
- No loosening even under such conditions as large vibrations and shocks.

Item No	Cylinder size
BD 32	φ 32
BD 40	φ 40
BD 45	φ 45
BD 50	φ 50
BD 63	φ 63
BD 80	φ 80
BD 100	φ 100

* Designate the item number of your choice in addition to the main unit PN to place an order.
 * The price of the ordered item will be added as an optional accessory onto the price of main unit.
